

adley evergreen tree

1. Color in and decorate trees however you wish.
1. Carefully cutout the trees on each page. There should be 8 pieces total.
2. Fold every cutout tree in half along the white line with the printed sides facing inwards.
3. Apply glue to one half of the white, blank side of a tree, then attach the blank side of one half of another cutout tree to it.
4. Repeat until all 8 pieces are glued together, when complete the tree should stand on its own. Example of finished product on right.
